

Enterprise AI Readiness Audit Workbook

Instructions: score each dimension from 0 (not started) to 5 (operational). Record the owner, target date, evidence, red flags, and the next action. Use the completed assessment in an AI7Lab readiness workshop.

Dimension	Score	Owner / target	Evidence and next action
Strategy and business value	0-5		
Data	0-5		
Technology	0-5		
Security and privacy	0-5		
Governance	0-5		
People and operating model	0-5		
Integration	0-5		
Evaluation	0-5		
Operations	0-5		
Financial readiness	0-5		

Scoring: 0-20% Initial; 21-40% Emerging; 41-60% Defined; 61-80% Operational; 81-100% Optimized.

Red flags: no accountable owner, no representative evidence, unclear decision authority, untested failure paths, or no rollback and incident process.
